THE MARION DAILY STAR.

VOL. XII NO. 148. MARION, OHIO, SATURDAY, MAY 4, 1889. PRICE, 3 CENTS.

OHIO'S ONLY LIFE

Insurance - Company.

Letter of Hon. Henry Mack State Senator from Cincinnati.

Cincinnati, O., Jan. 19th, 1889

To the Union Central Life Insurance Co., of Cincinnati, O.:

GENTLEMEN:—

I take pleasure in acknowledging the receipt of Ten Thousand and Eighty-Four Dollars ($10,084.84), the same being in payment of my Policy, No. 7856, for $10,000, issued August 16, 1871. I was among the first of your members to take a Policy on the Life Rate Endowment Plan, and I have thus made eighteen full payments at the Ordinary Life Rate, charged by you and other companies, and by leaving my dividends and profits with the Company, instead of using them to decrease the annual payments, my Policy has become an Endowment, and I have received the full Ten Thousand Dollars, an excess of $84.84.

I can cheerfully recommend the Union Central and its officers, whom I have known personally for many years. I am now beyond the age of insurance according to the law of Ohio, otherwise I should be pleased to take out another Policy, as I can only speak in the highest terms of the Company's fair and honorable dealing, and its kindness and courtesy to me. As a citizen of Cincinnati, I am proud of the great success that the Union Central has made, and the prominent place it now occupies among the largest and best companies in the United States.

I am Yours Very Respectfully,

HENRY MACK.

—o—

West Liberty, Ohio.

December 30th, 1868, I took out a $4,000 Policy on my life, through J. E. Reffelfinger, General Agent for the Union Central Life Insurance Company, of Cincinnati, O., on the 20 year Endowment Plan.

December 31st, 1888, I received the money from the Company through the same agent that insured me. It has not only proven good protection to my family, in case of death, but has been a good savings bank, and investment besides. I wish to say that I have received nothing but kind and courteous treatment from the Company all these years, and can recommend it as a good, reliable institution, of financial stability, worthy of public confidence.

A. G. WILLIAMSON,
West Liberty, Logan Co., O.

—o—

Why is the Union Central Life doing so much more business than many of its old Eastern competitors?

Because Ohio's insurance laws are more strict than those of any other State in the Union.

Because there is not a cent of her money invested in fluctuating bonds or stocks, but all must be loaned on Real Estate, worth double the amount of the loan, or Government bonds.

What State compels an examination of its companies, each year, by the Superintendent of Insurance?

Ohio.

What State never had one of its own companies fail, or in the hands of a receiver, and never had a policy holder in one of its own companies lose a dollar of his insurance?

The State of Ohio.

The advantage of doing business with a home company and home agents is apparent to all.

SMITH & CARSON,

AGENTS.

Office with Geo. D. Copeland, Marion, Ohio.

Death of King John.

He and His Generals Killed By the Dervishes.

ABYSSINIAN ARMY ROUTED.

King Menelek, of Shoa, Declares Himself King of Abyssinia, and is Marching on Adowa—Our Minister to Austria Presented to the Queen—Other Foreign News.

LONDON, May 4.—Details of the Abyssinian army and the death of King John are at hand. The report states that the Abyssinians attacked the stronghold of the Dervishes at Nelamme on March 10, but were repulsed with many wounded.

On March 14 the Dervishes assumed the aggressive and completely routed the king's forces. Among the large number killed were King John and his principal generals, Ras Area and Ras Alla. King Menelek, of Shoa, immediately proclaimed himself king of Abyssinia, and is marching to Adowa.

Soldiers Called to Suppress a Riot.

LONDON, May 4.—A body of infantry has been sent to quell the rioting which prevails among the workers in the Rothschild mines in Moravia. The miners demand the return of $10,500 which they have collectively paid in on account of insurance premiums, which demand the masters refuse to comply with; hence the riots. Thus far ten of the leaders in the disorders have been arrested, but the men are determined to fight until they are overpowered by superior numbers or their demands are satisfactorily met.

Samoan Commission Report Contradicted.

BERLIN, May 4.—An official denial is published of the report printed in The Berliner Tageblatt, of Tuesday, that at Monday's sitting of the Samoan conference, Mr. Kasson, one of the American commissioners, had asked whether a secret treaty existed between England and Germany for a partition of the Tonga and Samoan islands, and that Prince Bismarck and Sir Edward Malet, the British ambassador, had categorically denied the existence of such a treaty.

Our Minister Presented to the Queen.

LONDON, May 4.—At the queen's drawing room held yesterday, Col. F. D. Grant, United States minister to Austria, was presented by Mr. W. H. White, secretary of the American legation, and Mrs. Grant by Countess Van Bylandt, wife of the Netherlands minister to England. Lieut. Henry A. Borup, U. S. A., the recently appointed military attache to the American legation at Paris, was also presented by Mr. White, and Mrs. Borup by Countess Van Bylandt.

Bothered by Railroad Men.

BERLIN, May 4.—The American delegates to the Samoan conference in Berlin have been so pestered by the importunities of German reporters and American correspondents, that they have been compelled to refuse admittance to all callers, except those personally known or who give satisfactory assurance that they are not interviewers.

Foreign Notes.

A German by the name of Lutz, who assisted Police Inspector Wohlegemuth, of Mulhouse, to bribe a Swiss official, has been expelled from the country.

Count Herbert Bismarck gave a dinner yesterday evening to the Samoan commissioners and the members of the American and British legations.

Herr Mayer, the lagest iron importer in the world, and a brother-in-law of Carl Schurz, died at Kul yesterday.

Rev. Mr. Hamilton, editor of the Belfast Witness, the organ of the Irish Presbyterian church, has been appointed president of the Queen's college, Belfast.

During the Whitsuntide recess Mr. Gladstone expects to enjoy a yachting cruise in the waters of Great Britain with a party of friends.

Mr. Conybeare, Gladstonian member of parliament, for the Camborne division of Cornwall, has been convicted of violating the crimes act, and sentenced to three months imprisonment without hard labor. He has appealed and has been liberated on bail.

It is reported that King Charles of Wurtemburg, insists upon the return to Stuttgart of Baron Savage, one of the American favorites, whose name is Woodcock, whom the government obliged the king to dismiss. It is believed that an intrigue is on foot to dismiss Baron Mittnach, prime minister.

Funeral of W. H. Barnum.

LIME ROCK, Conn., May 4.—The funeral over the remains of the Hon. William H. Barnum was held at 1 p. m. in Trinity church here yesterday. Interment was made in the family lot. There were special trains from Hartford and New York bringing mourners from all over the country, among them many prominent politicians, including ex-President Cleveland. The service was conducted by the Rev. Mr. Putnam, rector, assisted by the Rev. Mr. Walker, former rector. The bearers were three nephews of the deceased, M. B. Richardson, A. L. Richardson and George M. Walton and Sidney Ensign, Porter Burrill and George W. Cowdrey.

Debt Drives a Shoemaker to Death.

YOUNGSTOWN, O., May 4.—Frank Shirer, an old German shoemaker, was told by his landlord, Christ. Diebel, yesterday, that unless he paid his rent at once he would be driven into the street. When Diebel called on Shirer this morning to execute the threat the old man was found hanging from a hook upon one of the walls of his scantily furnished room. He had hanged himself with a piece of clothes line.

Boat Found But Men Missing.

BOSTON, May 4.—The canoe in which Fred D. Page and his cousin, Clarence Hines, started on Sunday to paddle from Lynn to Somerville was picked up late yesterday afternoon off Highland light. Little doubt is felt that the young men were drowned, although there is a bare possibility that they were rescued by some outward bound vessel.

ONE MORE IDENTIFICATION

Of the Victims of the Hamilton Railway Wreck.

HAMILTON, Ont., May 4.—There still remain for identification the bodies of a man and woman well preserved, with twelve more in a poor state of preservation, but all will soon be beyond identification.

Yesterday Mr. Jewell, of Toronto, tried to identify among the bodies that of his son, Thomas Jewell, who was on his way from San Francisco to Toronto.

Mr. Sterns identified the remains of E. Randell, of Peekskill, N. Y., by the necktie and underclothing worn by deceased.

Mr. DeForest, of New York, was unable to identify the remains of L. B. Oviatt. The latter was secretary for Judge Rushmore, of New York, and DeForest was his roommate in New York. DeForest thought he identified one of the bodies as that of Oviatt, but was uncertain, and more information has been asked for by telegraph in regard to the clothing worn by the deceased.

Five of the wounded have been able to leave the hospital, and the remaining seven are doing well and will all recover.

Destroyed By Flames.

The Business Portion of an Illinois Village Burned.

SPONTANEOUS COMBUSTION

Is Said to be the Cause of the Conflagration—An Institute for the Feeble Minded Burned—A Child Burned to Death in a Dwelling—Other Fire Losses.

FREEPORT, Ill., May 4.—The business portion of the village of Foreston was almost completely destroyed by fire yesterday. The blaze started in Poole's elevator and spread rapidly. The fire protection of the town was entirely inadequate to cope with the conflagration. The losses are as follows: Poole Brothers, elevator and coal yard, $30,000; Minnesota Lumber company, $10,000; W. G. & W. Barnes, agricultural warehouses, $2,000; C. M. Haller, drugs, $3,000; Mrs. Swan's photograph gallery, a vacant meat market and several barns were also destroyed. The fire is supposed to have been caused by spontaneous combustion in the elevator.

James Mullen, a sick man, who had to be removed during the fire, died from the shock.

A Feeble Minded Institute Burned.

FRANKFORT, Ky., May 4.—Fire yesterday totally destroyed the feeble minded institute and outhouses, consisting of mattress factory, shoe factory, carpenter shop, broom factory, engine house and gardener's residence, with their contents. The fire department was utterly powerless to do anything to save any of the buildings, owing to there being no water at hand. There were 170 children in the institution, all of whom were gotten out. The loss on buildings and contents will reach $150,000, with no insurance of $37,600. Origin of fire unknown.

A Child Burned to Death.

ASHTABULA, O., May 4.—Three children of a Portuguese family named Silarey were left alone in the house yesterday. The building took fire. One of the children was burned to death and the other two were fatally burned.

A Malt House Damaged.

LEROY, N. Y., May 4.—Matthews & Company's malt house was partially burned last night, and an immense quantity of malt was soaked and spoiled. The damage is about $200,000, covered by insurance.

Cigar Box Factory Burned.

NEW ORLEANS, May 4.—Kerns cigar box factory was burned yesterday. Loss $40,000. No insurance.

Two Murderers Hanged.

BALTIMORE, May 4.—The Sun's Petersburg, Va special says: At Emporia, Greensville county yesterday, two colored men named Walker Harris and Robert Williams, were hanged for murder. On the scaffold each man said: "I have no ill-feeling against any man and am prepared to die." Prayer was offered by Rev. Mr. Purdue. The trap was sprung at 12:40 p. m. Both men died from strangulation. The crime for which they were hanged was committed February 22d last. Their victims were Anthony Parkham and Emerson Masin, negroes, both of whom were killed with axes. Williams made a confession Thursday night, and said the murder was the result of an old grudge.

First Arbor Day in New York.

NEW YORK, May 4.—The first general observance of Arbor Day in the public schools of this state took place yesterday, but the exercises at the schools in this city were not as elaborate as the program issued by the superintendent of public instruction called for. This was owing to the day coming so soon after the centennial celebration, and it was impossible to instruct the children in the exercises prepared and also those of the centennial. Trees were planted in only a few of the school yards, but the musical and literary portion of the program was observed in all the schools.

The Poplar Manufacturers.

CINCINNATI, May 4.—The Poplar Manufacturers and Wholesale Dealers' association will hold its third meeting in Cincinnati, at the Grand hotel, May 7. Arrangements have been perfected whereby visiting lumbermen can obtain round-trip rates at one and one-third fare, special rates have been secured at the Grand hotel, and the local lumber trade have arranged for a royal entertainment during the session. About 225 will be present, who will represent an annual cut of about 250,000,000 feet, which is about four-fifths of the entire cut of the Union.

Was Not a Grand Army Badge.

NEW YORK, May 4.—Gen. Drake, of the Elizabeth zouaves, makes the statement that the badge which he pinned on the breast of Governor Gordon during the parade Tuesday was a zouave and not a Grand Army badge as has been stated. The general does not fear that the Grand Army will expel him for this act.

The State of Trade.

Condition of Business as Reported From Leading Cities.

DUN & CO.'S WEEKLY REVIEW

With Not Much to Boast of and Very Few Complaints From Merchants the Financial World Moves on Uninterrupted. The Report in Detail—Failures of the Past Seven Days.

NEW YORK, May 4.—R. G. Dun & Company's Weekly trade says: The unprecedented uninterruption of business by centennial preparations and celebrations has made the week nearly a blank in commercial and financial respects. At New York, accumulated orders gave a surface appearance of greater activity on Thursday and Friday, but it is yet too soon to judge which way the trade will turn, and the reports from other cities, though nearly all hopeful in tone, do not indicate the expected improvement.

The situation seems better at Milwaukee, satisfactory at Omaha, good at Cleveland as to most branches, but questionable as to iron; rather dull at Kansas City and St. Paul, and less encouraging at the chief centers of the grain, iron, coal and leather trades. Collections are "far from satisfactory" at Milwaukee, not improved at Detroit, and rather slow in groceries, tobacco and woolen ware at Philadelphia, but in other lines there, and at other cities generally, they seem fairly satisfactory, and at New York some dry goods dealers complain that collections are "too good," buyers keep so far within means. Reports about the wool trade are contradictory; here prices are lower, but Philadelphia reports more sales and prospect of an advance.

A report that the treasury may not decide the woolen worsted question for months disturbs importers, who have quantities of goods locked up because collectors wait for a decision. Otherwise the woolen trade shows a little better movement, but mills are not working at nearly their capacity. Cotton has advanced an eighth and print cloths one-sixteenth, and there is a more active jobbing trade, but in some lines at a reduction in prices, and many mills are working short time. Silks are quiet, but linens are quite active. In the leather trade general discouragement is by some thought the precursor of better things, and a fair business in boots and shoes continues, helped by the recent decline in prices of some grades.

The paper trade is active, and contracts for delivery in England and Australia are reported. The slow improvement continues in drugs and chemicals. On the other hand recent signs of improvement in iron and steel have not been sustained. Here and at Boston southern No. 1 pig has been offered at $16, and though by new companies to introduce their products, the effect on other iron is felt. At Philadelphia, though sales are "hard to make," it is said that there is a very remarkable feeling of confidence, but at Pittsburg prices are lower, sales of manufactured iron more difficult and a large sale of steel rails at $26 is reported to have been made by a Pittsburg mill. The attempt to lift prices of bar iron at Philadelphia does not seem to have succeeded, but structural, plate, sheet and boiler iron are in good demand there, at Cleveland, and here. Coal is dull; the reported increase in stocks for March is 6,000 tons, and a strike at Pittsburg is expected. Copper still waits, but the report that bankers will try to fix the price at twelve cents is thought to foreshadow another disastrous attempt and subsequent collapse. Tin is lower abroad, and $20.40 prompt delivery here, and lead is very much demoralized.

Wheat goes lower yet, having sold at two and one-fourth cents and corn has declined three-fourths, and oats one cent since last week. Dreams of successful corners prior to July are still cherished, but all the facts of the present situation make the attempt appear extra haphazard. Pork is unchanged, with lard and hogs a shade higher, coffee and sugar are unchanged, but oil an eighth higher. In general, the course of prices still tends downward, but many products of large importance are now so low that not much further decline is expected, while a quick advance might follow a revival of demand or speculative confidence.

Stocks have been neglected and dull, but a little stronger in price, with a disposition to believe that the next considerable movement must be upward. Yet, in spite of some excellent reports, the earnings do not generally compare with last year's as well as they did in January or February, to say nothing of March, and the outcome of controversies at the west seems really as doubtful as ever. The future of the market probably depends much upon the movements of money and the feeling of foreign investors, and for the moment both favor holders, but bankers look upon a considerable outgo of specie as not improbable, and the policy of Secretary Windom, as far as it has been made known, does not seem likely to cause large disbursements before July. The one favorable feature is that merchandise exports are still large, for four weeks of April at New York exceeding last year's by $4,300,000, or 18 per cent., the increase in imports here having been only 3 per cent. But the treasury has taken in during the weeks $1,900,000 more than it has paid out, and there are many reasons for expecting that the exports of merchandise may presently decline.

The business failures occurring throughout the country during the last seven days, as reported by telegraph to R. G. Dun & Company, the Mercantile agency, number for the United States, 185, and for Canada, 29, or a total of 214, as compared with a total of 213 last week, and 246 the week previous to the last. For the corresponding week of last year the figures were 234, made up of 209 in the United States and 25 in the Dominion of Canada.

Effects of the Frost.

MONTICELLO, Ill., May 4.—The severe freeze of Wednesday night has greatly injured nearly all kinds of small fruit in this vicinity, and it is feared that much corn will have to be replanted.

STRUCK BY A TRAIN.

Two Men Killed, and a Number Injured in Philadelphia.

PHILADELPHIA, May 4.—A two-horse coach containing a number of passengers was struck by a train on the Pennsylvania railroad, at the Bridesburg crossing at an early hour. F. K. Womrath and James Dungan were killed.

Those who escaped with their lives but were seriously injured, are:

Charles Singer, aged 34 years, principal of the Henry Herbert grammar school, injured internally.

Samuel Smith, aged 40 years, seriously injured about the head.

Howard Gibbs, 21 years, injured about the leg and right side of his body.

J. Frank Wilgus, 36 years, internally injured and shoulder broken.

James Johnson, 25 years, colored, driver of the coach, injured internally and about the shoulder.

Dr. George Hale and John B. Myers, two other occupants of the coach were injured, though not seriously.

CYCLONE IN THE SOUTH.

Many Buildings and Acres of Strawberries Destroyed.

RALEIGH, N. C., May 4.—Warsaw, in the eastern part of the state, was struck by a terrific cyclone Thursday. Hail fell in large quantities. Many small houses were blown away almost bodily. Large houses were torn up so that they were not habitable, the seminary building was split open and nearly destroyed, the Presbyterian church was totally demolished, not a stick of timber being left that may be used in rebuilding. Fences were torn up and scattered like leaves. No loss of life is reported, but many people were seriously hurt by the flying timbers. Strawberries are the principal article of early production here. Hundreds of acres were ruined.

An Inoffensive Man Roughly Treated.

CHOOKSTON, Minn., May 4.—A terrible and fiendish outrage was committed here Wednesday night on the person of an inoffending citizen named Jake Zenholt. He was taken from his room at the Cleveland house and was bound, gagged and unmercifully beaten. Then he was taken to the outskirts of the town and tarred and feathered, a rope was placed around his neck, and he was dragged a mile and left for dead. Finally he recovered and informed the police. He now lies in a precarious condition, with little hopes of recovery. His assailants were Billy Wolsh, Toby Valare, Nick Funk and Charles Bloodhorn. They have been arrested and placed in jail.

An Insane Asylum Crime.

CHICAGO, May 4.—Coroner Heltz is investigating the death of Robert Burns, a patient in the insane asylum at Jefferson. A reporter named Bock is the chief witness against three attendants—Richardson, Crogan and Pecha. The reporter feigned insanity and had himself admitted to the asylum, where he witnessed the cruelties which led to Burns' death. Bock remained in the asylum ten days, when friends secured his release against the protest of the superintendent, who declared him hopelessly insane. The three attendants were held for murder.

The Boldest of Burglars.

LITTLE ROCK, Ark., May 4.—Word has been received from Pocahontas of the robbery of the safe of A. F. Snowtree. The thieves broke into the store arousing a clerk who slept in the rear room, and who ran out after an officer. While he was absent the robbers blew open the safe, the explosion awakening persons living near the store. The thieves, however, succeeded in escaping in the darkness. They carried off three drawers of the safe containing $1,460, notes and valuable papers. The town is greatly excited.

Murdered by White Caps.

ANNA, Ill., May 4.—James Gordon, who was whipped by the White Caps a week ago, died Thursday of his injuries. The manner of Gordon's whipping was most brutal. He was knocked down by one of the ruffians, and afterward held and whipped on his bare back till he fainted. Jonathan Rose and others of that neighborhood have been warned to leave or take the same treatment.

Knocked Out by a Reporter.

SAN FRANCISCO, May 4.—Paddy Ryan, ex-champion heavy-weight, was knocked out Wednesday night by a newspaper reporter weighing about 150 pounds. Ryan insulted Wells, the reporter, who knocked Ryan down three times on the sidewalk. Ryan was finally rescued by his friends. His face was so badly bruised that he did not appear Thursday at the saloon where he is employed as a bouncer.

Burlington Conspirators Sentenced.

GENEVA, Ill., May 4.—Thursday Judge Kellum refused to grant new trials to the Burlington conspirators, Broderick and Golding, and sentenced Broderick to one year in the penitentiary, and Golding to pay a fine of $100 and his share of the costs, which will amount to a little over $200. Broderick asked for sixty days in which to file exceptions, which was granted.

Deschamps Will Hang.

NEW ORLEANS, May 4.—The jury in the case of Dr. Etienne Deschamps, charged with the murder of Juliette Deutsche, aged 12 years, Thursday afternoon returned a verdict of guilty. The prisoner was remanded for sentence. Judge Mar will sentence him to be hanged at such time as the governor may direct. Deschamps on the 30th of last January outraged the child, killed her by administering chloroform, and then attempted to take his own life in the same way, but failed.

George Francis Trains' Fast.

NEW YORK, May 4.—George Francis Train has passed his fourteenth day of total abstinence from food and drink—except water and a little weak lemonade. He takes a Turkish bath daily. He is growing perceptibly thinner, and can pinch up the loose bronzed skin, which begins to hang with a suggestion of ghastly emptiness about his chin and on his slender hands.

Finally Agreed on a Candidate.

EMPORIA, Kan., May 4.—Harrison Kelly, of Coffey county, a farmer and resident of Kansas since 1858, has been nominated by the Republican convention to succeed ex-Congressman Thomas Ryan.

THE MICHIGAN LEGISLATURE.

Local Option Fails to Pass the House. Capital Punishment Recommended.

LANSING, Mich., May 4.—The local option bill, which it was confidently expected would pass the house easily, failed to carry in that body last night, lacking five votes of the necessary majority. A reconsideration will be moved, and the friends of the bill hope to still pull the bill through, as thirteen members were absent when the vote was taken.

The Abbott bill, making a return to capital punishment in cases of murderers where the jury unanimously recommend in writing the death penalty, passed the house yesterday. It authorizes executions by either hanging or electricity, and an attempt was made by the opponents of the bill to also permit decapitation. The bill provides that all newspaper representatives shall be rigorously excluded from executions.

Coal Miners' Troubles

The Bituminous Men to Work Another Month

IN THE INDIANA MINES.

The Conference Committee to Continue Their Efforts to Arrange a Scale—Trying to Arbitrate at Brazil—Coke Workers Lose Everything at Uniontown, Pennsylvania—Other Labor News.

TERRE HAUTE, Ind., May 4.—The bituminous coal operators and miners of the state, after three days' conference, have agreed on a scale of sixty-five cents for one month, with the understanding that the conference committees are to continue their efforts to arrange a scale for the year. The failure of the Illinois miners and operators and the Indiana block coal people to agree on terms was the chief cause for the temporary agreement.

The Miners at Brazil.

BRAZIL, Ind., May 4.—The block coal miners rejected by a vote of 208 to 1,173 the scale of prices prepared by the operators. In another delegate meeting here next Thursday it will be decided whether or not the differences will be submitted for arbitration. Meanwhile all work at the mines has been suspended, and 2,000 miners are idle.

Long Lockout Ended.

PITTSBURG, May 4.—A Uniontown special says: "That the lockout at the Stewart company's works, which has lasted since Feb. 1, was settled yesterday evening, the company agreeing not to push the prosecutions against the four men who assaulted non-Union men, and the strikers promising to stop interfering with the company's efforts to start the works, allowing the company to employ whomsoever it chooses, and agreeing that any old hands taken back will renounce labor organizations. Gibb, the man who has kept the mun stirred up, is to vacate the company's property and leave. Some of the men will return to work at the reduced wages offered. Others have obtained work elsewhere.

Want More Wages Than the Strikers.

PITTSBURG, May 4.—There was another strike at the Duquesne Bessemer steel works yesterday, the Italians who had replaced strikers demanding even higher wages than the original workmen had asked for. The company refused the demand, and only twenty men are now at work. The strikers are greatly encouraged over the turn of affairs, but the company is still confident of securing a non-union force.

Miners Issue a Circular.

PITTSBURG, May 4.—A circular issued by the miners of the Pittsburg district to the railroad company operators demands a yearly rate of seventy cents per ton, and states that if no answer is received by night a convention will be called to consider methods of securing a uniform scale and enforcing cash payments instead of the company store system.

Operators Pay the Scale.

PITTSBURG, May 4.—Several of the large operators in the Mansfield valley, employing 1,500 men, have granted the uniform yearly rate of seventy-four cents per ton for mining to the men.

A Murderer's Nerve.

JACKSON, Mich., May 4.—In the trial yesterday of R. Irving Latimer, charged with the murder of his mother, the defendant was on the witness stand all day and subjected to a most searching cross-examination. The remarkable nerve of the witness never deserted him. In the main he stuck to the story he told Wednesday. He seemed to be endowed with an instinctive knowledge of how the prosecution intended to entrap him, and generally foiled all their attempts. Before the adjournment of court the prosecution asked leave to place seven new witnesses on the information, and the court granted the request. Three witnesses are expected to rebut some portions of Latimer's evidence.

A Parochial Residence Robbed.

CHICOPEE, Mass., May 4.—The parochial residence of the Church of the Holy Name was broken into last night and all the silverware in the dining room, and $250 in money from the library were taken. Father McKetbnie, who has been in charge of the parish since the death of Vicar-General Healy, said he did not go to bed till after 12 o'clock and heard no noise.

Cardinal Gibbons in New Orleans.

NEW ORLEANS, May 4.—Cardinal Gibbons has arrived here to assist in conferring the pallium upon Bishop Janssens, which ceremony occurs Wednesday next. The cardinal will remain about ten days, the guest of his brother, John T. Gibbons, and his sister, Mrs. George Swartrick.

Secretary Cook Improved.

NEW YORK, May 4.—It was stated at the Gilsey house that Secretary of State Cook was somewhat improved. His physicians are in constant attendance, and though there is no immediate danger, the crisis in the illness has not yet been reached.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. SOLD ONLY IN CANS. ROYAL BAKING POWDER CO., 106 Wall St. N. Y.

CONSTIPATION, NERVOUS DEBILITY,

AND ALL TROUBLES ARISING FROM A DISORDERED STOMACH.

Try it, and you will find for once you have not been deceived. For sale by your druggist.

BOWANEE MEDICINE CO., Dayton, Ohio

Criminal Neglect.

PITTSVILLE, Pa., May 4.—A destructive gas explosion occurred at the Beechwood colliery yesterday. The fire boss neglected to put up the "caution board" at the entrance of an abandoned gangway in which gas had accumulated. James Nolan, who was making repairs, knowing that the fire boss had passed and seeing no danger signal up, entered the gangway with a naked lamp. The flame of the lamp caused a terrible explosion. Nolan was blown against the rocks and sustained fatal injuries. Two miners, named Louis and Sweeney, were dragged out of the shaft unconscious, but were not seriously injured. Considerable damage was done to the property.

Murdered for Eighty Dollars.

BELVIDERE, N. J., May 4.—Michael Balak, was convicted of murdering Michael Ballinshire yesterday evening. The crime was committed at Oxford last fall, the allegation was that Balak knowing Ballinshire had $80 in money, had accompanied him to a lonely spot and shot him. Balak was seen near the place at midnight.

There Was No Battle.

SAN ANTONIO, Tex., May 4.—A dispatch from the City of Mexico says the report of the massacre at Guanajuata is a gross exaggeration. The prefect of Silao, near Guanajuata, was assassinated. He was the only life lost in the entire affair. The authorities have restored order. Everything is quiet.

Big Railroad Deal.

PARKERSBURG, W. Va., May 4.—First mortgage bonds to the amount of $3,000,000 have been issued by the Ohio, Parkersburg and Norfolk Railroad company to the Merchantile Trust company of New York, to build the road, and the mortgages are being recorded in the counties through which the road passes. In this state 233 miles will be built directly east from here to the Virginia line.

Blinded by a Cow.

NEWCASTLE, Ind., May 4.—Henry H. Veach, a farmer living a few miles north of this city, Thursday morning was trying to fasten a cow in a stall in the barn, when the animal hooked him in the face. One eye was entirely destroyed, and total blindness may result from the accident.

A Whole Family Poisoned.

PITTSBURG, PA., May 4.—Jefferson Lightfoot, his wife and two children, after eating dinner Sunday, exhibited symptoms of arsenical poisoning, and though the children soon recovered, the parents are critically, and Mrs. Lightfoot will probably not recover. Some corn left from the dinner was fed to the chickens, four of which died after eating of it. The affair is being investigated.

Hawes Found Guilty of Murder.

BIRMINGHAM, Ala., May 4.—The jury in the Hawes case has returned a verdict of guilty and fixed the penalty as death. Hawes is calm, and says he was certain of conviction in this county. The supreme court will probably, on appeal, grant a change of venue and a new trial.

Death Warrant Signed.

HARRISBURG, Pa., May 4.—Governor Beaver has signed the death warrant of Michael Rizzilo, one of the murderers of Paymaster McClure. Rozilo will be hanged in Lancaster county on Tuesday, June 25.

A pro-tobacco trust has been organized. What a happy result it would be if the American people would combine to trust by refusing to chew.

Ohio made a good hit with the prize fighting in New York this week, but it cost about $5,000 to do it. There ought to be some glory from such an expense.

THE Ohio Republican State Central committee will meet at Cleveland on the 15th instant to name the place and date of the State convention. It is thought the convention will be held about the last week in June and public opinion seems to be that it will not be held in Columbus, because of the political factions. Cleveland, Toledo or Cincinnati will likely secure the prize. As soon as the committee meets and arranges the preliminary details the canvass for positions upon the ticket will open in earnest.

THE New York Press, which paper has just been appointed superintendent of the Census, and which ought to be good authority upon the subject, gives the following figures concerning recent immigration that may prove interesting. For the year ending June 30 last the total number of immigrants were 546,889, of whom 418,423 arrived at New York. The largest number of any one nationality were Germans, 104,754; English, 41,211; Irish 73,416; Italians, 4,708; Swedes, 51,078. The occupations best represented were: Laborers, 190,958; farmers, 119,063; servants, 27,500; miners, 5,215.

"Smoker's Heart."

Within the past twenty years the medical faculty has come to clearly comprehend and accurately diagnose a disease which they now denominate as "smoker's heart." Excessive smoking, whether by pipe cigar or cigarette, affects the action of the heart and disturbs the circulation. The pulse will intermit—not with any regularity—sometimes one beat in four, sometimes one in ten, sometimes two or three at a time, and then comes trouble. The brain, missing its regular pulsations of blood, wavers, the heart flutters, and then follows a temporary collapse.

Strong cordials are "indicated." Strong coffee is good, strong spirits better. But the remedy, too often relied upon, is as bad as the disease, and the subject grows slowly worse. Anæmia pectoris is said to sometimes result.

One of the leading physicians of this city relates a case in point. A patient suffering from "smoker's heart" believed that he had a chronic heart disease, and came for a careful examination early in the day—before he had eaten any breakfast. The stethoscope showed the heart to be sound as a dollar—he had not smoked for twelve hours. Greatly relieved at the verdict, he lighted a big black cigar and sat smoking up on an empty stomach, while he talked. In a few minutes as he rose to go, he fell faint and limp. The heart was fluttering wildly, but yielded at once and resumed its normal action after a strong stimulant.

The moral of the story is that if you smoke at all, you should smoke in moderation and on a well filled stomach. It is reckless as that hurts.—Cincinnati Enquirer.

A Washington territory farmer was digging a post hole on the banks of Snoke river, when he unearthed a skeleton richly dressed in old Indian clothing. The coat was especially fine, was adorned with velvet collar, etc. The place where the skeleton was found had been used as a horse corral for past fifteen years.

GOSPEL MEETINGS

J. V. Updike, the Evangelist, and Prof. J. P. Hawes to Begin a Revival service at the Christian Church.

J. V. UPDIKE.

A series of gospel meetings is on at the Christian church in South Marion, morning and evening. J. V. Updike, the state evangelist, and Prof. J. P. Hawes, will have charge of the services, the latter being the song service. Everybody is invited to attend.

The following are some of the principal [illegible]

Rev. Updike is one of the most [illegible] and earnest speakers [illegible]

He speaks with great [illegible] and is popular with the people. The Gospel Crusader.

W. C. T. U.

The regular annual meeting of the Woman's Christian Temperance Union was held on Thursday, May 5th, at the room of Union. Mrs. Eva D. Bonner, President, led the devotional exercises. Several prayer and inspiring songs, freely participated in by the ladies present, carried us on to the ride days, promising us of the many pledges that are taken to be true to this our watchcry—life or death—the war.

The meeting was merged into a business session and was presided over by the president. Secretary's report for the year was read, the treasurer, Mrs. Cameron, reported $103 in the treasury. Mrs. Mc-Williams, superintendent of children's work, reported the past year as probably the most encouraging in results of any year since its organization. The school meets every Sunday at 3 o'clock, p. m., in W. C. T. U. room. Custom books, Parents and Visitors always kindly welcomed.

Several superintendents reported the work done in their respective departments. The following ladies were elected to the offices for the coming year: President, Hattie M. Davis; vice president, L. M. Cheney; secretary, Matilda C. Scott; treasurer, Narcissa Culbertson. Three new names were added at said meeting making a number of [illegible]

SECRETARY.

Charles Nugent, the contractor for the excavating of the cellar of the [illegible] building, has mysteriously disappeared, he not having been seen since late Friday evening. He undertook quite a large sum of money for the work completed, and it is supposed that he has skipped for parts unknown, leaving his employes minus the wages due them. Nothing definite can be learned as to the amount he has secured.

For Sale.

I sell, at a bargain, 4 acres of new Huber subdivision of the Jerome lots. Only $50 per acre. Each of said 4 acre lots can be used at $15 each—easily worth $30 per lot. Time to suit. See Brigg Barber, or with the owner, A. Scofield. [18 w1

A Pleasing Sense

of health and strength follows the use of Hood's Sarsaparilla. It tones the stomach, creates a healthy appetite, cures the worst cases of dyspepsia, and builds up the whole system. Hood's Sarsaparilla is the popular medicine of the day. Hood's Pills are the best family cathartic. 25c.

Breakfast on Time.

One of the most mysterious amateur swells who might properly be called a [illegible] has been boarding the past few months at a fashionable south side boarding house. One day last week he overslept himself, which literally knocked him silly. He labors only for a large wholesale house here, and receives a weekly stipend of $10, but as he dresses accordingly on $10,000 per annum income it is not natural that he is many weeks behind on his board bill. This young Nicholas Nickleby of modern finance was supposed to get at his desk every morning at seven o'clock sharp, but he had been tardy every day for a week or more, owing to late breakfast. One morning he breakfasted at 7 o'clock and this gave him ample opportunity to reach his office on time. "Ah, he said to the landlady, glancing at the clock, "I see I got my breakfast on time this morning." She regarded him with a look that gave me the chills. "Yes," she replied, "but his carbuncle appeared on time." Chicago Herald.

Scientific in Knots.

Mr. Martin Kerr is a gentleman well known in this county for many years. He has a farm in Scioto township, and is a member of several fraternal orders, and contributes to the scientific journals. He is an enthusiast in [illegible] and has invented a knot that [illegible] Knots are the natural enemies of [illegible] and other material. He had discovered certain [illegible] to believe that all atoms, animal and vegetable, are either in part [illegible] reproduce their species. The [illegible] such a theory can be [illegible] If verified, and Mr. Kerr is certain it can be verified, it means the evolution of science—a new alphabet for geology, chemistry and natural philosophy.—San Francisco Call.

SOCIAL CHATTANOOGA

The Strange Features of Southern Life—Filth and Filthy Habits—Climate the Only Attraction.

[Special Correspondence to the STAR.]

CHATTANOOGA, May 1.—We are still swarming in the city of mules and mountains, hoboes, niggers and "niggers". It is a lamentable fact that the city of boards and boarders can furnish a greater variety of food smells to the inch than any other city in the Union. It is owing chiefly to the extreme carelessness of grocers, butchers and people generally. There has been considerable anxiety felt among the people in regard to the probability of the yellow fever ravaging the city. Ten years ago the fever made fearful ravages, and hundreds of people died. To the average northerner, whose ideas of cleanliness are certainly above the southern estimate, it would be small wonder if Chattanooga escaped. It is only capable of being made attractive beyond comparison, but the unparalleled abominations of filth will give her a reputation not to be envied by any. There are over ten thousand negroes of all sizes and shades of color, from the clear white of the octoroon to the jet black of the African. Many of these people own their houses and will not be tempted to sell them for any price, this accounts for the appearance of the low, white washed cabin, sandwiched between handsome brick blocks.

It is amusing to see the snuff dippers. One cannot take a stroll down Market street without meeting a dozen or more ladies whose appearance gives no evidence of the use of snuff, a stick of the snuff stick protruding from the corner of the mouth. The snuff is poured into the mouth between the teeth and under lip, then it is deftly rubbed over the entire inner surface of the mouth with the snuff stick made of black gum wood, and chewed into a brush at one end; after this highly interesting performance the stick is left in the mouth and the fair snuff dipper is rendered supremely happy and about nobly disgusting. Everybody chews gum and tobacco. The long, gaunt females from the "mountings," will stalk into a store, their scant home-spun dresses clinging to their figures, a limp sun bonnet flapping in a melancholy way about their cheeks, and with a stride equal to the "cold man" will approach the counter and ask unblushingly for "ten cents worth of that sweet terbacker." A queer couple driving a forlorn looking mule, came in from Georgia the other day, and, after disposing of their "sweet taters" and "cohn meal," they drove round to a grocery on Chestnut street; the old woman climbed out and bought a head of cabbage, returning to the wagon the vegetable was divided and this strange pair proceeded to eat their dinners with nothing but a little salt to season it.

We drove out to the National cemetery last week and were delighted with the beauty of the surroundings. There are 12,956 soldiers buried here, nearly half of them are unknown. The grounds are beautifully kept and all sorts of flowers are cultivated. The magnolia trees are in bud and will soon be miracles of beauty and fragrance. Our ride took us within a half mile of Orchard knob, famous in war history. Many of the old earthworks or forts-ifications are still to be seen between Chattanooga and Mission Ridge, on grounds that are staked off and sold for fabulous prices per foot front.

On a river trip the other day we were interested to see on one side of the river the familiar sight of an oil derrick. It stood there neglected and alone, a striking monument of some speculator's folly. We did not learn to what depth the drill had penetrated, but a sufficient test proved that no other oil or gas existed in this mountain girt region. Coal and iron exist in great quantities, and it may be said Lookout Mountain is a solid bank of coal.

An interesting place to visit is the Lookout Iron Factory. There are over five miles of piping, the ice being made of condensed steam, killing all germs and making the purest ice in the world.

Fish are caught in the Tennessee river weighing seventy five pounds, and are considered by the natives a great delicacy. The northern people prefer the gulf and salt water fish brought up from the coast.

The nights are exceedingly cool and agreeable indeed. We have experienced no hot weather at any time except on the trip down.

Peaches are plentiful and large as hazel nuts, early cherries are ripe and home-grown strawberries flood the market. Green peas in great abundance are brought in from the country. Sweet potatoes are in order the year round, and "cohn pone" is a staple.

It is no uncommon sight to see a mule and an ox hitched together and driven by rope lines.

It is a queer country indeed with queer people. They are slow to adopt northern methods or habits of industry. The nigger does the work, as in the old slavery days. One never sees a white teamster or driver of dray or cart, always colored. No white servants can be obtained as cooks or housemaids. White-turbaned Dinahs rock the babies, cook the dinners, scrub the floors, take your clothes in baskets, battered on the wooly heads. Wages are $2—three days in two and one half to four days per week and one must do their own sweeping at that. One would have to say pretty much to leave a northern home for one here. The only compensation is cheapness. Of this commodity there is an unlimited supply. W.

Force of Habit.

Congressman—It affords me pleasure, Mr. Scribblemm, to present you with a commission as postmaster. I [illegible] ought it to you myself as a little [illegible]

Editor Scribblemm—[illegible] read, I have moved, taken [illegible] gone and placed me under [illegible] What is the blame [illegible] Say I'm not ill.—Chicago.

It contains no Opium or Morphine. Sold by H. C. Hoberman & Co.

Anarchy Still Exists.

An Inflammatory Circular Issued From Chicago.

SERIOUS TROUBLE FEARED.

The Haymarket Monument to Be Unveiled the Thirtieth Day of This Month and the Anarchists are Preparing for the Event—The Story Retold.

CHICAGO, May 4.—On the 30th of May the Haymarket monument is to be unveiled, and that the Anarchists are already preparing for the event is evidenced by the issuance by some some secret printing establishment of an inflammatory circular, copies of which fell into the hands of the police yesterday. One of the circulars was enclosed in an envelope and sent to Chief Hubbard. Another was found lying on the base of the monument in Haymarket square. It is believed that many other copies of the circular have been secretly circulated among the Anarchists who are known to be still loyal to the memory of Spies, Parsons and the rest.

The circular reads as follows: "May 4, 1886, and Nov. 11, 1887. May 4, 1886, a peaceable meeting attacked by 180 armed policemen acting under orders of a well-known bully and ruffian contrary to the commands of the mayor of the city. An unknown hand throws a deadly and death-dealing missile, and in a moment the air is rent by the shrieks and groans of wounded and dying men.

"And this the result of the disobedience, the cowardice and hatred of one man. Citizens, you are asked to commemorate by your attendance at the unveiling of the statute erected to the memory of the policemen who fell on that terrible night, the bravery, not of the common men who had no choice but to obey, but of the man Bonfield, whose murderous act caused untold suffering.

"Some of you who read this will listen, it may be with approval, to the recital of the awful scenes of that memorable night. With vehemence and great eloquence skillful orators will picture to you the situation, and strong appeals will be made to your patriotism and your prejudice. Passion, which time has cooled, will be again aroused and the hated Anarchist who you will be told are entirely responsible for this dreadful affair will be painted as fiends in human form. So have the people ever been blinded by cunning knaves. But stop, have you ever given a thought to the patient suffering, the cruel persecution, the unjust trial and conviction, and the base murder of five of the real victims of the Haymarket tragedy! or to the undeserved punishment compared with which death would be merciful to the other three!

"Have you forgotten the self-sacrifice of spirit and bearing of the man who voluntarily surrendered himself to share the fate of his comrades!

"Do guilty men thus voluntarily return to meet certain death? Ah, friends, ask yourselves these questions in sober earnestness, and then listen without a blush of shame, if you can, to your orators as they tell you this is the freest country on the face of the earth. This kind of patriotism, like the song of the siren, puts you to sleep whilst you drift on to certain slavery. You remember the trial of our friends! How the public prosecutor, State's Attorney Grinnell, pursued our friends with all the malevolence of a fiend! How he adopted every device known to cowards and knaves—intimidation, bribery, jury-packing and force to carry out the will of money power, whose willing tool he was! There are many incidents connected with the trial which still remain to be told. The time will come for ample justification of our comrades, but it is not quite yet.

"And you, who pay your tribute to brave men, and exult in the triumph of the law, consider for a moment at what a fearful price that triumph was secured. When you assemble on the 30th of May, think of the 11th of November. See the four martyrs to free speech and liberty, as they stand transfigured on the dreadful scaffold.

"See the proud, triumphant look which lights their faces. Hearken to the warning and prophetic voice of Spies as he foretells the time when their silence will speak in thunder tones. Listen again to the last appeal of the noble Parsons, choked in its very utterance, while 'law and order' reigned supreme within the jail on that sad November morning, without the walls was being enacted another scene. At the very moment when the devoted husband and father was being prepared for eternity, the faithful wife with her two children was seeking admission (granted to her the night before), to obtain one last word and embrace. Made desperate by the insults of the uniformed ruffians who surrounded her, she and her children were hurried away to the police station, and there, O, shame on American manhood, by command of Capt. Schaak, whom politicians have recently returned to power, the almost heartbroken woman and the two children were stripped stark naked.

"This, at the very moment that the husband and father was giving up his life a willing sacrifice to his convictions.

"On the 4th of May, 1886, free speech was dealt a stunning blow. On the 11th of November, 1887, free speech was killed outright—cut-killed in the utterance of one of its noblest champions and every sentiment of decency was outraged in the brutal treatment afforded Mrs. Parsons.

"On the monument at the Haymarket should be inscribed in letters of fire these words 'Erected to commemorate the strangling of free speech and the shame of an enslaved people.'"

Chief Hubbard has been interviewed concerning the circular. He says he scarcely thinks it possible that the Anarchists will attempt an armed out-break upon the day the statue is unveiled. He says every precaution will be taken, however, to secure the safety of life and property upon that day.

White Caps in Louisiana.

NEW ORLEANS, May 4.—The Picayune's Natchitoche special says that White Caps visited the home of Wilson A. Jones last Saturday night and gave him ten days to leave the parish under penalty of death. Jones thinks the organization wish to get rid of him because he has refused to join it and knows its secrets. They charged him with being a radical, but he voted the Democratic ticket at the last election. Jones is a white man, and owns 160 acres of land. The facts of his persecution have been reported to the district attorney, who has taken steps to uphold the law and punish the offenders, who are known as the "Santa Claus Ring."

Fruit Damaged by Frost.

COVINGTON, Ind., May 4.—Most of the small fruit, including grapes and peaches, was destroyed by the frost on Wednesday night. The peaches are already falling off. It is feared that corn has also been damaged.

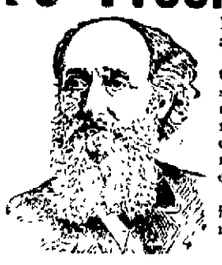
President's Proclamation.

SPECIAL.



Whereas, From day to day the numbers are being stricken down with the fell disease Rheumatism, which seems to be greatly on the increase

And whereas The nation has within a short time been called upon to mourn the sudden loss of many of our public men, such as Vice President Hendricks, Gen John A. Logan, Secy Daniel P. Manning, Gen. McClellan, and many others.

Now therefore, I do by virtue of the knowledge possessed by me, proclaim and recommend Hibbard's Rheumatic Syrup to be a remedy of great merit, both for Rheumatism and all Blood Diseases,

And further, That this medicine be adopted as a national remedy by all.

Signed by the President.

RHEUMATISM.

I was cut in the wrist by a broken bottle from which I subtracted extreme pain. I called a doctor, who pronounced it acute rheumatism. My right side became paralyzed, leg and arm badly withered, and my joints were so stiff that they were but little action in them. About six weeks ago I began taking Hibbard's Rheumatic Syrup with marvelous results. Since then I have left off the crutches entirely, and only use a cane, and for the past few days I often forget and walk without my cane. To say that it has given me back health but poorly expresses my feelings on a Rheumatic Subject.

C. D. DENIO
Deputy Internal Revenue Collector
Jackson, Mich.

C. D. DENIO is a man well known in this community, and what he says of the wonderful effects of any remedy for Rheumatism may be relied upon. He was paralyzed from rheumatic poison, and no one ever expected he would recover. He is well, and it is simply marvelous. FRANK L. SWIFT,
Ex Member State Legislature Jackson, Mich.

INFLAMMATORY RHEUMATISM.

My daughter Maud had inflammatory rheumatism. Her limbs were badly swollen. She was in terrible agony. She has been taking Rheumatic Syrup and using your Plasters, which has broken it up. The Syrup corrected her indigestion, drove the rheumatic poison from her blood, and she is now able to be around the house. We recommend Hibbard's Rheumatic Syrup and Plasters to those in great merit.

Rev. J. R. BURRIS,
Pastor First M. E. Church, Fremont, Mich.

Last winter and spring I was severely suffered from rheumatism in my left shoulder and arm, suffering the most excruciating pain. Four bottles of Hibbard's Rheumatic Syrup cured me. I can with confidence recommend it to all who are suffering with rheumatic difficulty. Rev. JAMES BRADY,
Morley, Mich.

No remedies known so highly endorsed by its home people, as the Rheumatic Syrup and all Blood diseases. Our Medical Pamphlet, treating on Rheumatism and all Blood and Female Diseases, sent free on application.

Rheumatic Syrup Company, Jackson, Mich.

Hibbard's Rheumatic Syrup

UNRIVALED in merit. It is a Safe Family Medicine, because it contains no poison or opiates. Children, invalids and delicate persons will find it the best medicine they can use. No home should be without it. Always in season, *Spring, Summer, Autumn* [illegible]. Price $5.00 Plasters are If you cannot procure it of your druggist, send direct to us. Pr

A SURE CURE FOR [illegible] UMATISM.

Sleepless Nights

"For nearly a month I was not able to sleep a night without taking PAINE'S CELERY COMPOUND. I have taken [illegible] of two cans in securing the most refreshing sleep and strength to return to [illegible] Since I have taken only a part of a bottle of Paine's Celery Compound, and it has entirely relieved me of sleeplessness, from which I have suffered greatly." Mrs. E. ARCHER, Corfu, N. Y.

Paine's Celery Compound produces sound and refreshing sleep. A physician's prescription does not contain one harmful drug. Unlike all else, it is a guaranteed cure for Sleeplessness, if directions are faithfully followed. $1.00. Six for $5.00. Druggists.

WELLS, RICHARDSON & CO., Burlington, Vt.

Paine's Celery Compound

quickly quiets and strengthens the nerves, when irritated or weakened by overwork, excesses, disease, or shock. It cures nervousness, headache dyspepsia, sleeplessness, melancholia, and other disorders of the nervous system.

Tones up the Shattered Nerves

"For two years I was a sufferer from nervous debility, and I thank God and the discoverer of the valuable remedy, that Paine's Celery Compound cured me. Let any one write to me for advice." GEORGE W. BOUTON, Stamford, Conn.

WHAT SHALL WE WEAR?

STYLES IN DRESS INTRODUCED FOR SPRING AND EARLY SUMMER.

French Fichus, Dress Fronts, Embroidered Jabots and Other Tasteful Accessories for Draping the Bodices of House Dresses. Low Fichus on Low Waists.

Fichus, jabots and lace dress fronts are all much used for draping the bodices of house dresses. These tasteful accessories of lace, muslin, embroidery and crape add much to the appearance of otherwise plain dresses, and are consequently quite popular.

A NOVEL DRESS FRONT.

The Marie Antoinette fichu, made of silk muslin, mull, lace or crape, and modeled after the neckkerchief worn by the queen, from which it takes its name, is one of the many forms of fichu now seen. Other patterns are high across the shoulders and tie low in front with ends hanging below the waist. Then there are low fichus or fronts for draping dress waists they are low in the neck.

In the cut is illustrated a Paris dress front of quite novel construction. This model combines a high collar, yoke or guimpe, epaulettes and a plaited stomacher. The materials used in making it are Breton lace or embroidered lisse, spotted or spangled net, with trimmings of bright colored ribbon bows. Very pretty jabots are made of lace or embroidered crape. Black Chantilly or point d'esprit fichus are much worn with black dresses.

Gloves for All Occasions.

Gloves for morning walks and general wear are of dressed kid, corded on the back, not widely embroidered, and fastened smoothly on the wrists by four large gilt buttons; they are either tan colored, gray or black. For afternoon visits and receptions suede mousquetaire gloves are worn in eight button lengths, quite plain on the back, and these also are in tan and gray shades. Dress gloves are very similar to suede mousquetaires, but are of twelve to thirty button lengths, reaching up to the sleeves of the evening gown, and may be tan colored, gray, white or black. All dress gloves are quite plain on the back.

The sac gloves, loose wristed without buttons, draw off and on easily, and are chosen quite large for the country, for traveling and for steamer use; they come in suede, in glace kid and in heavy doeskin; tan, chamois color, gray and black sac gloves are for general use, and white sac gloves are especially liked with yachting gowns. Riding and driving gloves of heavy kid are now made short like men's gloves to fasten with only one large button, and are also worn longer with four buttons at the wrists. There are also tilbutted driving gloves, heavy doeskin faced inside the hand with kid to prevent the reins from slipping.—Harper's Bazar.

Latest Novelties in Fans.

Rummaging among past relics of finery, some of our readers may perhaps remember to have come across a round fan which would fold up into small compass, and, when extended, partook of the nature of a hand screen. Recognizing the appropriateness of this design to the empire style of dress, the ingenious designer has adapted it to the taste of the present day. In the new fan the sticks are formed of curved pieces of tortoise shell, which by their extreme flexibility become concave or convex as they are waved to and fro, and thus produce a much better current of air than if they were rigid. The bordering of this circular fan is ornamented with ostrich feathers, and a bow of a harmonizing shade of ribbon adorns the center.

A second fan has a foundation of semi-transparent gauze down each radiant, to which is sewn a narrow row of lace. The lace, being only attached by the inner edge, falls lightly from side to side, and as it does so reveals garlands of roses and other flowers which are painted on the gauze beneath. Another fan is trimmed with loops of beads upon lace or gauze, which also produce a pretty effect. Each of these fans may be had in black, white and several colors.

An Attractive Tea Gown.

Accordion plaitings furnish the petticoats not only of many charming evening toilets, but appear in the new tea gowns

A TEA GOWN.

These accordion plaited skirts are usually of different material and color from the dress or gown worn over them. In the model shown in the cut the under dress or petticoat is in accordion, in kilted almond green China crape. The scarf is of moire, and the coat is made in rose cashmere brocaded with green.

Fashion Notes.

Wash dresses for girls in their teens are made with belted yoke waists and full sleeves, five tucks forming the yoke and top of the sleeves, or else shaping the wrists. The skirts are of four straight breadths simply hemmed.

A bracelet appealing to fair equestrians is one known as the horseshoe and crop bracelet. In this the crop forms a bracelet with overlapping ends, held together with a diamond horseshoe.

Lisle and silk stockings are striped horizontally from toe to heel, or embroidered or open worked, while some are both open worked, edged and embroidered. The newest idea is to carry such ornamentation round to the back of the ankle, and not to be content to have it only on the instep and ankle.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

LONG LIFE

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver, and disease-preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

Send for a beautiful book free.
